<b>Investment Strategy</b>	The scheme will be managed as a thematic "multi-sector" fund and not as a diversified equity fund. The scheme will invest in companies broadly within the following areas/sectors of the economy namely - 1. Airports 2. Banks, Financial Institutions & Term lending Institutions 3. Cement & Cement Products 4. Coal 5. Construction 6. Electrical & Electronic components		

	<ol style="list-style-type: none"> <li>7. Engineering</li> <li>8. Energy including Coal, Oil &amp; Gas, Petroleum &amp; Pipelines</li> <li>9. Industrial Capital Goods &amp; Products</li> <li>10. Metals &amp; Minerals</li> <li>11. Ports</li> <li>12. Power and Power equipment</li> <li>13. Road &amp; Railway initiatives</li> <li>14. Telecommunication</li> <li>15. Transportation</li> <li>16. Urban Infrastructure including Housing &amp; Commercial Infrastructure</li> </ol> <p>The above list is only indicative and the Fund Manager will have the discretion to invest in new sectors outside the above list depending on the relevance of that sector to the investment objective of the scheme. The scheme will have no sectoral or market capitalization bias and investments will be considered only in companies that are directly or indirectly involved in the infrastructure growth.</p>
<b>Risk Profile of the Scheme</b>	<p>Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Scheme specific risk factors are summarized below:</p> <p>SBI Infrastructure Fund Series - I would be investing in equity &amp; equity related instruments, debt and money market instruments. The liquidity of the scheme's investments is inherently restricted by trading volumes and settlement periods. In the event of an inordinately large number of redemption requests, or of a restructuring of the scheme's investment portfolio, these periods may become significant. In view of the same, the trustees have the right in their sole discretion to limit redemptions (including suspending redemptions) under certain circumstances.</p>
<b>Risk Control</b>	<p>Investments in equity and equity related securities and debt securities carry various risks such as inability to sell securities, trading volumes and settlement periods, interest rate risk, liquidity risk, default risk, reinvestment risk etc. Whilst such risks cannot be eliminated, they may be mitigated by diversification and hedging.</p> <p>In order to mitigate the various risks, the portfolio of the Scheme will be constructed in accordance with the investment restriction specified under the Regulations which would help in mitigating certain risks relating to investments in securities market.</p> <p>Further, the AMC has necessary framework in place for risk mitigation at an enterprise level. The Risk Management division is an independent division within the organization. Internal limits are defined and judiciously monitored. Risk indicators on various parameters are computed and are monitored on a regular basis. There is a Board level Committee, the Risk Management Committee of the Board, which enables a dedicated focus on risk factors and the relevant risk mitigants.</p> <p>For risk control, the following may be noted:</p> <p><b>Liquidity risks:</b></p> <p>The liquidity of the Scheme's investments may be inherently restricted by trading volumes, transfer procedures and settlement periods. Liquidity Risk can be partly mitigated by diversification, staggering of maturities as well as internal risk controls that lean towards purchase of liquid securities.</p> <p><b>Concentration Risk:</b></p> <p>The scheme would be investing across PSUs and would endeavour to have an optimum degree of diversification across sectors and market capitalization ranges in order to mitigate Concentration Risk.</p> <p><b>Interest Rate Risk:</b></p> <p>Changes in interest rates affect the prices of bonds as well as equities. If interest rates</p>

	<p>rise the prices of bonds fall and vice versa. Equity might be negatively affected as well in a rising interest rate environment. A well-diversified portfolio may help to mitigate this risk. Further, the Scheme may use Interest rate derivatives to mitigate the interest rate risks and rebalance the portfolio.</p> <p><b>Volatility risks:</b></p> <p>There is the risk of volatility in markets due to external factors like liquidity flows, changes in the business environment, economic policy etc. The scheme will manage volatility risk through diversification across companies and sectors. The scheme may also use derivatives for the purpose of hedging in volatile markets.</p>

SWP entails redemption of certain number of Units that represents the amount withdrawn. Thus it will be treated as capital gains for tax purposes. SWP will be applicable at applicable load, if any.

### 8 - Systematic Transfer Plan (STP)

Systematic Transfer Plan is a combination of systematic withdrawal from one scheme and systematic investment into another scheme. Therefore the minimum and maximum amount of withdrawals applicable under SWP would be applicable to STP also. Similarly the minimum investments applicable for each scheme under SIP would be applicable to STP. STP facility would allow investors to transfer a predetermined amount or units from one scheme of the Mutual Fund to the other. The transfer would be effected on any business day as decided by the investor at the time of opting for this facility. STP would be permitted for a minimum period of six months between two schemes. The transfer would be affected on the same date of every month (or on the subsequent business day, if the date of first transfer is a holiday) on which the first transfer was affected. STP can be terminated by giving advance notice to the Registrars. STP will be available at applicable load, if any.

#### Please note

There is no ceiling on transfer of investments from the switch out schemes. Accordingly, an investor would be permitted to transfer any amount from the switch-out scheme subject to a minimum transfer of Rs. 1000 per month or Rs. 3,000 per quarter. Minimum STP will be for six months.

- a) The Statement of Account (SOA) to the unit holders investing under Systematic Investment Plan (SIP), Systematic Transfer Plan (STP) and Systematic Withdrawal Plan (SWP), shall be dispatched once in every quarter within 10 working days of the end of the respective quarter. However, the first account statement under SIP/STP/SWP shall be issued within 10 working days of the initial investment.
- b) On specific request, investors will be provided the SOA within 5 working days from the receipt of such request without any charges. Alternatively, investors can request a soft copy of the SOA which shall be mailed to their e-mail address on a monthly basis.

Unit holders, who have not transacted during the last six months, will be issued the SOA for such period, reflecting the latest closing balance and value of the units held. Alternatively, investors can request a soft copy of the SOA which shall be mailed to their e-mail address on a monthly basis.

### 9 - Systematic Investment Plan Facility (SIP)

- a) For individual investors, the fund offers a Systematic Investment Plan (SIP) through ECS/Direct Debit facility or through Post Dated Cheques. (c) every quarter for 1 year Rs. 1500 per quarter, at applicable NAV-related prices. This facility will help the investor to average out their cost of investment over a period of six months or one year and thus overcome the short-term fluctuations in the market.

The post-dated cheques must be dated the 5th/15th/25th of every month/every quarter and drawn in favour of the Scheme and crossed "Account Payee Only". Entry in to SIP can be on any date. The number of Magnums allotted to the investor will be equal to the amount invested during the month divided by the sale price for that day.

- b) New investors need not have an existing folio for investments into respective Schemes. Such investors can start a folio with a SIP.
- c) SIP offers investors the following two Plans:
  - i) Monthly Systematic Investment Plan (MSIP)
  - ii) Quarterly Systematic Investment Plan (QSIP)

### 12 - DIRECT CREDIT OF DIVIDEND/REDEMPTION.

SBIFM had entered into an agreement of a direct credit facility of dividends / redemptions with certain banks. For the investors who have an account with such banks, the default option for payment of dividend/redemption proceeds for all the prospective investment would be direct credit into their bank account (in case the investor has provided his bank mandate as one of the bank participating in direct credit arrangement and if he fails to specify other mode of payment i.e. cheque/demand draft).

The AMC may alter the list of banks participating in direct credit arrangement from time to time/ withdraw direct credit facility from banks, based on its experience of dealing with any such banks or add/withdraw the name of bank with whom direct credit facility arrangement can be introduced/discontinued as the case may be. However, in the event of direct credit facility being discontinued, the unitholders will receive payments in respect of dividend/redemption through other mode such as cheque, demand draft, etc.

### 13 - NOMINATION FACILITY/ SUCCESSION:

Nomination facility is available only for individuals applying on their own behalf. Nomination can also be in favour of the Central Government, State Government, a local authority, any person designated by virtue of his office or a religious or

charitable trust. As per AMFI letter 35/MEM-COR/57/07-08 dated January 03, 2008, applicants can make multiple nominations to the maximum of three. This facility is also available to NRI investors. A non-resident Indian can be a Nominee subject to the exchange controls in force from time to time. Applicants may change their nomination at any time during the currency of the scheme. In case of multiple nominations, applicants must clearly specify the percentage of units in favour of each nominee. In case the applicants do not specify the percentage of units for each nominee, units will be distributed equally among all the nominees. Please note that such allocation/share should be in whole numbers without any decimals making a total of 100 percent.
