With the pricing environment being favourable for the sector in the US and with Aurobindo having high volume market share in US Generics Industry, it stands to benefit from the same. With investment in newer areas like Biosimilars and the upcoming investment in Pen G API, near term earnings are expected to be robust for the company.

9.02	HDFC Asset Management Co. Ltd.	Subsidiary of HDFC Bank Ltd.	SBI ESG EXCLUSIONARY STRATEGY FUND	Equity Shares		3,50,000	6,636.32	-	-	Equity - HDFC AMC's scheme performance continues to be robust in 1yr/3yr and 5yr period which is aiding them to attract steady flows across schemes. They are able to sustain their market share in total flows, and they have even retained their market share on overall AUM basis. Rationalisation of commission paid is helping them to report better yields resulting in better profitability. We believe mutual funds would be a major beneficiary of financialization of household savings and HDFC AMC is well placed to benefit from this macro trend.

						Aggregate Quantity for the Period Under Regulation 25(11)	Aggregate cost for the Period Under Regulation 25(11)	Outstanding Quantity	Outstanding Market /Fair value	
9.03	HDFC Securities Ltd.	Subsidiary of HDFC Bank Ltd.	SBI LIQUID FUND	Commercial Papers	CRISIL A1+	2,34,000	11,48,700.40	20,000	98,541.65	Debt: Our limits are based upon majority ownership and expectation of support from HDFC Bank. HDFC Securities is an important subsidiary of HDFC Bank, as it complements the bank's product offerings by providing a platform for services related to capital markets and financial products distribution to the latter's customers. These services not only strengthen the business franchise of the bank, but also support its efforts towards increasing low-cost retail deposit base. The company also helps strengthen the bank's relationships with its clients. Furthermore, there exists strong operational and managerial integration between HDFC Bank and HDFC Securities. The latter benefits significantly from the well-spread retail franchise and nationwide branch infrastructure of the parent. The bank shares its robust technology platform and risk management practices with the company. Moreover, some of the senior management personnel of HDFC Securities, including the managing director and chief executive officer, are on deputation from HDFC Bank. HDFC

10	HDFC Life Insurance Company Ltd.	SBI NIFTY PRIVATE BANK ETF	SBI ESG EXCLUSIONARY STRATEGY FUND	Equity Shares		22,40,000	13,037.60	22,40,000	15,359.68	Equity : Company is one of the leading players in the life insurance sector with strong new business margins, high return on embedded value and industry leading market share in pure protection products. Debt: We derive from the parentage of HDFC Bank due to expectation of timely support as and when required. This expectation is led by strong moral obligation of the bank due to majority shareholding, shared brand name, operational-financial-managerial linkages. HDFC Life is the only company within the HDFC Group which holds a license to sell life insurance policies in India and channels of HDFC Bank sell life insurance policies of only HDFC Life. Further, we derive comfort from the regulated nature of the business and prudent management practises which shields the business from credit and interest rate risk.

11	ICICI Prudential Life Insurance Company Ltd.	SBI NIFTY BANK ETF	SBI LARGE & MIDCAP FUND	Equity Shares		5,00,000	2,252.58	-	-	Equity : Leading player in the life insurance sector. Valuations are pretty attractive for a company that is likely to consistently show 17-19% operating RoEV for an extended period. Further on a VNB basis, protection segment is now the significant driver and here IPru has done a good job of increasing protection share of business. Debt: We derive from the parentage of ICICI Bank due to expectation of timely support as and when required. This expectation is led by strong moral obligation of the bank due to majority shareholding, shared brand name, operational-financial-managerial linkages. ICICI Prudential Life is the only company within the ICICI Group which holds a license to sell life insurance policies in India and channels of ICICI Bank sell life insurance policies of only ICICI Prudential Life. Further, we derive comfort from the regulated nature of the business and prudent management practises which shields the business from credit and interest rate risk.

12	ITC Ltd.	SBI MAGNUM LOW DURATION FUND	SBI LARGE & MIDCAP FUND	Equity Shares		18,00,000	6,456.90	-	-	Equity : ITC is the market leader in cigarettes with 85% market share in India. The stock is trading below its historical valuation. Cigarette volumes have now stabilised and expected to grow as there has been stability in taxation. Despite recent performance we see more upsides with strong momentum in non-cig businesses which can deliver earnings upgrades. Valuations are still reasonable and can re-rate.

14.04	LTIMindtree Ltd.	Subsidiary of Larsen & Toubro Ltd.	SBI ESG EXCLUSIONARY STRATEGY FUND	Equity Shares		2,70,000	17,102.84	2,70,000	12,126.65	Equity : Mindtree is a play on the increase in digital IT spend by clients. Mindtree has seen a churn at top management level and business disruption. Operations have stabilized after the appointment of the new CEO. The company has changed its strategy to chasing large deals vs earlier strategy of more project-based work. This change along with tighter cost controls have led to an increase in margins from 6.4% in 1QFY20 to 13% in 4QFY20. We expect the margins to improve further leading to an 18% PAT CAGR over the next 3 years.

19	Punjab National Bank	SBI MAGNUM CONSTANT MATURITY FUND	SBI EQUITY HYBRID FUND	Certificate of Deposits	CRISIL A1+	5,200	25,808.90	-	-	Equity - PNB was significantly impacted by sector-wide asset quality challenges during the last cycle, which we believe it has come out of. The performance of the bank is on an improving trajectory. Given a strong liabilities base, the bank should be in a position to deliver moderate growth and double digit RoEs over the medium term. Debt - PNB is among the largest banks in the country with a strong liabilities franchise and is seeing an improvement in profitability as it comes out of the legacy asset quality cycle challenges.

20	Reliance Industries Ltd.	SBI OVERNIGHT FUND	SBI LIQUID FUND	Commercial Papers	CRISIL A1+	2,81,000	13,90,490.58	-	-	Equity : RIL has executed well on the telecom business and gained leadership position within three years of launch. It is now proposing to demonstrate the same in new age commerce and FTTH business. Retail business continues to grow at 25% and improve margins despite macro challenges. Core refining business should see margin uptick due to diesel demand uptick from implementation of IMO. Debt : deploy cah in scheme due better yield over other short term paper .Invested in commercial papers on account of attractive yields over other short term securities and in line with the cash deployment needs of the scheme. Debenture investment in close ended scheme in assets matching maturity and rating requirment of the concerned scheme.

29	Zomato Ltd.	SBI OVERNIGHT FUND	SBI LONG TERM EQUITY FUND	Equity Shares		2,40,285	120.14	-	-	Equity : Zomato is the industry leader in food delivery and quick commerce segments. We expect the food delivery gross order value of the industry to grow at over 15% CAGR for the next 5 years. Quick delivery is expected to grow at a much faster pace. We expect Zomato with its superior execution skills to remain as the industry leader. Consolidated EBITDA margins are expected to improve to ~20% by FY30 driven by improved unit level profitability and operating leverage as fixed costs are likely to grow at much lower pace.

 # Excludes CBLO,Reverse Repo, Term Deposit , Mutual Fund Units and Derivatives

Note:

These investments comprise equity shares, debt instruments including Commercial Papers and certificates of deposit. In the case of debt instruments, investments have been made after through due diligence on the issuer company, and based on the competitiveness of yield. In the case equity shares the investments are made after due fundamental analysis and based on written justifications. Investments in all Exchange Traded Funds and Index Schemes are made in terms of the investment objective of the respective Scheme and in consonance with the composition of the respective Index.

The Company which has invested, via. Purchase, Switch-In, SIP or any other mode of inflows, during the period April 01, 2023 to March 31, 2025 and it's AUM in the same scheme (at PAN level) exceeds 5% of scheme's AUM on the date of investment (i.e. Active Investment) then such Companies are considered for reporting. In such cases, the investment made by the same scheme or any other schemes of SBI Mutual Fund in that Company or its Subsidiaries during the period April 01, 2022 to March 31, 2025 are reported above. To ascertain whether Company's AUM in the Scheme exceeds 5% of scheme's AUM, in case of ETF and Close Ended schemes (demat mode), we have considered Beneficiary Position Report (BENPOS) received from Depositories for last working day of each week and month during the said period. Source of Subsidiary Companies: Capitaline Enterprise

SBI NIFTY CONSUMPTION ETF	19.60	-	(19.60)	-

Note 1 :-

The sensitivity of a Fund (usually equity) with regards to the Benchmark / Market Movements can be ascertained by the Scheme Beta. The scheme's Beta refers to co-variance of NAV vs. Index returns/variance of index returns. The Beta of the benchmark is usually 1, whereas the Scheme Beta can be greater than 1 or less than 1.

A beta of less than 1 denotes that the scheme is less sensitive to price risk as compared to the benchmark, whereas a beta of more than 1 implies greater sensitivity to price movement vis a vis the benchmark. Schemes with higher beta (> 1) tend to be more volatile than schemes with beta lower than 1.

Note 2:-

Sensitivity analysis based on Beta factor is given only for the schemes which has completed 3 years as per the guidelines given in AMFI best practice circular no. 135/ BP/ 61 /2015-16 dated September 14, 2015 on Standardization of Information in Factsheets.

Annexure XXX

The effect on the net assets attributable to the unit holders of a reasonably possible weakening of the INR against the USD

(All amount in lakhs, unless otherwise stated)

Scheme Name	Effect on net assets attributable to redeemable units due to weakening of the INR against the USD by 1%	
	As at March 31, 2025	As at March 31, 2024
SBI ESG EXCLUSIONARY STRATEGY FUND	48.19	119.26
SBI LARGE & MIDCAP FUND	210.96	336.16
SBI MAGNUM GLOBAL FUND	-	1,434.99
SBI TECHNOLOGY OPPORTUNITIES FUND	417.39	448.74
SBI HEALTHCARE OPPORTUNITIES FUND	158.28	124.87
SBI CONTRA FUND	1,006.44	1,006.21
SBI FOCUSED EQUITY FUND	3,863.55	3,639.62
SBI FLEXICAP FUND	888.05	1,018.40
SBI EQUITY SAVINGS FUND	43.79	-
SBI MAGNUM CHILDREN'S BENEFIT FUND- INVESTMENT PLAN	128.79	189.77
SBI INTERNATIONAL ACCESS- US EQUITY FOF	860.12	896.45
SBI BALANCED ADVANTAGE FUND	-	172.32

Note:-

A strengthening of the INR against the above currencies would have resulted in an equal but opposite effect to the amounts shown above.

Annexure XXXI

The sensitivity of the Fund's net assets attributable to holders of redeemable units if prevailing interest rates had risen or declined by specified basis points

(All amount in lakhs, unless otherwise stated)

0.00 Indicate amount less than Rs. 500

Note:-

Fixed Income Schemes are subject to Interest Rate Risk, since changes in yields can impact bond prices. This Interest Rate Risk sensitivity of a fixed income portfolio can be ascertained by looking at the portfolio modified duration.A higher duration implies that such funds are more likely to see Mark To Market (MTM) impact when yield changes take place (Medium Duration, Long Duration fund) and lower duration (like overnight or liquid fund) will be less sensitive to interest rate risk.

Bond Price Impact = - Duration X Change in Yield (Bps). So, if Scheme 1 has a duration of 5 years and Scheme 2 has a duration of 0.15 years, a 1% increase in reference Yield will result in a MTM impact of ~5% in the NAV of Scheme 1 (indicatively) but Scheme 2 will see impact only to the tune of ~0.15%.

Annexure XXXII

The Fund's interest bearing assets and liabilities categorised by the earlier of it's contractual re-pricing or maturity dates

Derivative Financial Liabilities*										
Outflows	-	-	-	-	-	-	-	-	-	-
Inflows	-	-	-	-	-	-	-	-	-	-
Total Financial Liabilities	**5,180.17**	**-**	**-**	**-**	**5,180.17**	**5,484.58**	**-**	**-**	**-**	**5,484.58**

* Derivative financial instruments on asset side and labilities side of balance sheet both disclosed above

Note 1:-

The table above shows the undiscounted cash flows of the Scheme's financial liabilities on the basis of their earliest possible contractual maturity. The Scheme's expected cash flows on these instruments do not vary significantly from this analysis.

Note 2:-

For derivative financial instruments, the inflow/(outflow) disclosed in the table represents the contractual undiscounted cash flows relating to these instruments. The disclosure shows net cash flow amounts for derivatives that are net cash-settled and gross cash inflow and outflow amounts for derivatives that have simultaneous gross settlement - e.g. Interest Rate Swaps.

The liquidity analysis of financial liabilities of the Fund based on contractually agreed undiscounted cash flows

(All amount in lakhs, unless otherwise stated)

Particular	SBI MAGNUM GLOBAL FUND					SBI MAGNUM GLOBAL FUND				
	As at March 31, 2025					As at March 31, 2024				
	0-3 months	3–6 months	6 months – 12 months	After 12 months	Total	0-3 months	3–6 months	6 months – 12 months	After 12 months	Total
Non-derivative Financial Liabilities										
Payables	933.54	-	-	-	933.54	690.37	-	-	-	690.37
Borrowings	-	-	-	-	-	-	-	-	-	-
Other Financial Liabilities	1,689.36	-	-	-	1,689.36	1,776.81	-	-	-	1,776.81
Derivative Financial Liabilities*										
Outflows	-	-	-	-	-	-	-	-	-	-
Inflows	-	-	-	-	-	-	-	-	-	-
Total Financial Liabilities	**2,622.90**	**-**	**-**	**-**	**2,622.90**	**2,467.18**	**-**	**-**	**-**	**2,467.18**

* Derivative financial instruments on asset side and labilities side of balance sheet both disclosed above

Note 1:-

The table above shows the undiscounted cash flows of the Scheme's financial liabilities on the basis of their earliest possible contractual maturity. The Scheme's expected cash flows on these instruments do not vary significantly from this analysis.

Note 2:-

For derivative financial instruments, the inflow/(outflow) disclosed in the table represents the contractual undiscounted cash flows relating to these instruments. The disclosure shows net cash flow amounts for derivatives that are net cash-settled and gross cash inflow and outflow amounts for derivatives that have simultaneous gross settlement - e.g. Interest Rate Swaps.

Annexure XXXIV

The liquidity analysis of financial liabilities of the Fund based on contractually agreed undiscounted cash flows

(All amount in lakhs, unless otherwise stated)

The table above shows the undiscounted cash flows of the Scheme's financial liabilities on the basis of their earliest possible contractual maturity. The Scheme's expected cash flows on these instruments do not vary significantly from this analysis.

Note 2:-

For derivative financial instruments, the inflow/(outflow) disclosed in the table represents the contractual undiscounted cash flows relating to these instruments. The disclosure shows net cash flow amounts for derivatives that are net cash-settled and gross cash inflow and outflow amounts for derivatives that have simultaneous gross settlement - e.g. Interest Rate Swaps.

* Derivative financial instruments on asset side and labilities side of balance sheet both disclosed above

Note 1:-

The table above shows the undiscounted cash flows of the Scheme's financial liabilities on the basis of their earliest possible contractual maturity. The Scheme's expected cash flows on these instruments do not vary significantly from this analysis.

Note 2:-

For derivative financial instruments, the inflow/(outflow) disclosed in the table represents the contractual undiscounted cash flows relating to these instruments. The disclosure shows net cash flow amounts for derivatives that are net cash-settled and gross cash inflow and outflow amounts for derivatives that have simultaneous gross settlement - e.g. Interest Rate Swaps.

* Derivative financial instruments on asset side and labilities side of balance sheet both disclosed above

Note 1:-

The table above shows the undiscounted cash flows of the Scheme's financial liabilities on the basis of their earliest possible contractual maturity. The Scheme's expected cash flows on these instruments do not vary significantly from this analysis.

Note 2:-

For derivative financial instruments, the inflow/(outflow) disclosed in the table represents the contractual undiscounted cash flows relating to these instruments. The disclosure shows net cash flow amounts for derivatives that are net cash-settled and gross cash inflow and outflow amounts for derivatives that have simultaneous gross settlement - e.g. Interest Rate Swaps.

* Derivative financial instruments on asset side and labilities side of balance sheet both disclosed above

Note 1:-

The table above shows the undiscounted cash flows of the Scheme's financial liabilities on the basis of their earliest possible contractual maturity. The Scheme's expected cash flows on these instruments do not vary significantly from this analysis.

Note 2:-

For derivative financial instruments, the inflow/(outflow) disclosed in the table represents the contractual undiscounted cash flows relating to these instruments. The disclosure shows net cash flow amounts for derivatives that are net cash-settled and gross cash inflow and outflow amounts for derivatives that have simultaneous gross settlement - e.g. Interest Rate Swaps.

* Derivative financial instruments on asset side and labilities side of balance sheet both disclosed above

Note 1:-

The table above shows the undiscounted cash flows of the Scheme's financial liabilities on the basis of their earliest possible contractual maturity. The Scheme's expected cash flows on these instruments do not vary significantly from this analysis.

Note 2:-

For derivative financial instruments, the inflow/(outflow) disclosed in the table represents the contractual undiscounted cash flows relating to these instruments. The disclosure shows net cash flow amounts for derivatives that are net cash-settled and gross cash inflow and outflow amounts for derivatives that have simultaneous gross settlement - e.g. Interest Rate Swaps.

Annexure XXXIV

The liquidity analysis of financial liabilities of the Fund based on contractually agreed undiscounted cash flows

* Derivative financial instruments on asset side and labilities side of balance sheet both disclosed above

Note 1:-

The table above shows the undiscounted cash flows of the Scheme's financial liabilities on the basis of their earliest possible contractual maturity. The Scheme's expected cash flows on these instruments do not vary significantly from this analysis.

Note 2:-

For derivative financial instruments, the inflow/(outflow) disclosed in the table represents the contractual undiscounted cash flows relating to these instruments. The disclosure shows net cash flow amounts for derivatives that are net cash-settled and gross cash inflow and outflow amounts for derivatives that have simultaneous gross settlement - e.g. Interest Rate Swaps.

* Derivative financial instruments on asset side and labilities side of balance sheet both disclosed above

Note 1:-

The table above shows the undiscounted cash flows of the Scheme's financial liabilities on the basis of their earliest possible contractual maturity. The Scheme's expected cash flows on these instruments do not vary significantly from this analysis.

Note 2:-

For derivative financial instruments, the inflow/(outflow) disclosed in the table represents the contractual undiscounted cash flows relating to these instruments. The disclosure shows net cash flow amounts for derivatives that are net cash-settled and gross cash inflow and outflow amounts for derivatives that have simultaneous gross settlement - e.g. Interest Rate Swaps.

Derivative Financial Liabilities*										
Outflows	-	-	-	-	-	-	-	-	-	-
Inflows	-	-	-	-	-	-	-	-	-	-
Total Financial Liabilities	**36.64**	**-**	**-**	**-**	**36.64**	**-**	**-**	**-**	**-**	**-**

* Derivative financial instruments on asset side and labilities side of balance sheet both disclosed above

Note 1:-

The table above shows the undiscounted cash flows of the Scheme's financial liabilities on the basis of their earliest possible contractual maturity. The Scheme's expected cash flows on these instruments do not vary significantly from this analysis.

Note 2:-
