These regulations are applicable for mutual funds.

Further, SEBI vide its circular no. CIR/CFD/CMD1/ 168 /2019 dated December 24, 2019 pertaining to Stewardship Code for all Mutual Funds and all categories of AIFs, in relation to their investment in listed equities requires that Institutional investors should have a clear policy on voting and disclosure of voting activity. Further, in case of any escalation requirement, the Executive Committee of the Company will act as oversight committee.

GENERAL VOTING GUIDELINES

A decision to invest is generally an endorsement of the management of an issuer and its strategy for the company. The AMC shall vote for/ against a resolution in the best interest of the unitholders. Some of the key considerations for exercise of a vote will depend on the following factors :

- Does it protect the unit holders rights?
- Will it have an impact on the sustainability, growth prospects and profitability of the company?
- What will be the impact on the shareholder's value?
- Will it impact the company's governance?
- Will it impact minority shareholder's interest?
- Will it impact environment?
- Will it impact other stakeholders such as employees, customers, suppliers and surrounding community?
- Will the resolution provide any undue benefits to promoters/ their affiliates/ subsidiaries/ group companies?

The AMC has adopted broader guidelines for voting proxies. There are various Corporate Governance issues that are continuously evolving. The guidelines set forth below are not and cannot be a comprehensive survey of the proxy voting guidelines as all kinds of issues cannot be anticipated. Therefore, these guidelines rather reflect some of the principles that will generally be supported by the AMC. However, the AMC may exercise its discretion and act accordingly in some instances when it determines that based on the facts, it is in the best interest of the unitholders of the fund as a shareholder. The AMC would exercise votes for all securities including debt instruments as may be required. The AMC shall compulsorily cast votes for all schemes of mutual fund including passive schemes like Index Funds, Exchange Traded Funds, etc, including AIF funds in respect of the resolutions which include the following:

Board of Directors: We support an independent board of competent individuals. When renewing a mandate (like appointment and removal of Directors), we will be attentive to the attendance in board meetings by directors. - Against requiring a minimum stock ownership for Directors, unless required by law.
- Against giving the board the authority to set its size freely without shareholder approval.
- Our policy will be to vote for retirement / appointment in line with the Companies Act, as decided on case to case basis.
- Against policies which may compromise the independence of a director.
- Against proposals that directors can only be removed for legal cause.
- For increasing the independence of committees that are responsible for nominating members of the board, supervising outside auditors, and setting the terms of compensation for executive management.
- For creating a nomination committee.
- For creating a compensation committee.
- For creating an audit committee.
- For creating a stakeholder engagement committee
