Units issued by REIT/InVIT*	0%-10%	Medium to High																
Debt instruments (including securitized debt)	0%-35%	Medium																
Money market instruments	0%-35%	Low																
<b>Investment Strategy</b>	<p>The scheme will follow a bottom-up approach to stock-picking and choose companies across sectors/styles. The scheme will invest in diversified portfolio of stocks across market capitalization. Large Cap Stocks – 1st -100th company in terms of full market capitalization. Mid Cap: 101st to 250th company in terms of full market capitalization. Small Cap: 251st company onwards in terms of full market capitalization. The exposure across these stocks will be in line with limits/classification defined by AMFI/SEBI from time to time.</p>																	
<b>Risk Profile of the Scheme</b>	<p>Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Scheme specific risk factors are summarized below: SBI Magnum MultiCap Fund would be investing in Equity and equity related instruments (including derivatives), Units issued by REIT/InVIT, foreign securities, Debt instruments (including securitized debt), Money Market Instruments. The liquidity of the scheme's investments is inherently restricted by trading volumes and settlement periods. In the event of an inordinately large number of redemption requests, or of a restructuring of the scheme's investment portfolio, these periods may become significant. In view of the same, the Trustees have the right in their sole discretion to limit redemptions (including suspending redemptions) under certain circumstances.</p> <p>The scheme shall be subject to risk associated with equity and equity related instruments, REITs/InVIT, debt and money market instruments, securitized debt, derivatives, foreign securities and repo transactions in corporate debt securities. Besides, the scheme is also subjected to risk associated with Liquidity Risk, Settlement Risk, Stock lending risk &amp; Regulatory Risk associated with securities as detailed in the SID.</p>																	
<b>Risk Control</b>	<p>Investments in Equity and equity related instruments including derivatives, debt and money market instruments carry various risks such as inability to sell securities, trading volumes and settlement periods, market risk, interest rate risk, liquidity risk, default risk, reinvestment risk etc. Whilst such risks cannot be eliminated, they may be mitigated by diversification and hedging.</p>																	

	<p>In order to mitigate the various risks, the portfolio of the Scheme will be constructed in accordance with the investment restriction specified under the Regulations which would help in mitigating certain risks relating to investments in securities market.</p> <p>Further, the AMC has necessary framework in place for risk mitigation at an enterprise level. The Risk Management division is an independent division within the organization. Internal limits are defined and judiciously monitored. Risk indicators on various parameters are computed and are monitored on a regular basis. There is a Board level Committee, the Risk Management Committee of the Board, which enables a dedicated focus on risk factors and the relevant risk mitigates.</p> <p>For risk control, the following may be noted:</p> <p><b>Liquidity risks:</b> The liquidity of the Scheme’s investments may be inherently restricted by trading volumes, transfer procedures and settlement periods. Liquidity Risk can be partly mitigated by diversification, staggering of maturities as well as internal risk controls that lean towards purchase of liquid securities.</p> <p><b>Interest Rate Risk:</b> Changes in interest rates affect the prices of bonds. If interest rates rise the prices of bonds fall and vice versa. A well-diversified portfolio may help to mitigate this risk.</p> <p><b>Credit Risks</b> Credit risk shall be mitigated by investing in rated papers of the companies having the sound back ground, strong fundamentals, and quality of management and financial strength of the Company.</p> <p><b>Volatility risks:</b> There is the risk of volatility in markets due to external factors like liquidity flows, changes in the business environment, economic policy etc. The scheme will manage volatility risk through diversification.</p> <p>Further, the Investment Manager endeavours to invest in REITs/InvITs, where adequate due diligence and research has been performed by the Investment Manager. The Investment Manager also relies on its own research as well as third party research. This involves one-to-one meetings with the managements, attending conferences and analyst meets and also tele-conferences. The analysis will focus, amongst others, on the predictability and strength of cash flows, value of assets, capital structure, business prospects, policy environment, strength of management, responsiveness to business conditions, etc.</p>
<p><b>Plans /Options</b></p>	<p>The scheme would have two plans viz Direct Plan &amp; Regular Plan.</p> <p><b>Direct Plan:</b> Direct Plan is only for investors who purchase /subscribe Units in a Scheme directly with the Mutual Fund or through Registered Investment Advisor (RIA) and is not available for investors who route their investments through a Distributor. All the features of the Direct Plan under Scheme like the investment objective, asset allocation pattern, investment strategy, risk factors, facilities offered, load structure etc. will be the same except for a lower expense ratio as detailed in <b>Section IV – Fees and Expenses – B. – Annual Recurring Expenses</b> of the SID. Brokerage/Commission paid to distributors will not be paid / charged under the Direct Plan. Both the plans shall have a common portfolio.</p> <p><b>Eligible investors:</b> All categories of investors as permitted under the Scheme Information Document of the Scheme are eligible to subscribe under Direct Plan.</p> <p><b>Modes for applying:</b> Investments under Direct Plan can be made through various modes offered by the Mutual Fund for investing directly with the Mutual Fund</p> <p><b>How to apply:</b> Investors desirous of subscribing under Direct Plan of a Scheme will have to ensure to indicate “Direct Plan” against the Scheme name in the application form. Investors should also indicate “Direct” in the ARN column of the application form.</p>

**Regular Plan**

This Plan is for investors who wish to route their investment through any distributor.

The default plan in following cases will be:

Scenario	Broker Code mentioned by the investor	Plan mentioned by the investor	Default Plan to be captured
1	Not mentioned	Not mentioned	Direct Plan
2	Not mentioned	Direct	Direct Plan
3	Not mentioned	Regular	Direct Plan
4	Mentioned	Direct	Direct Plan
5	Direct	Not Mentioned	Direct Plan
6	Direct	Regular	Direct Plan
7	Mentioned	Regular	Regular Plan
8	Mentioned	Not Mentioned	Regular Plan

In cases of wrong/ invalid/ incomplete ARN codes mentioned on the application form, the application shall be processed under Regular Plan. The AMC shall contact and obtain the correct ARN code within 30 calendar days of the receipt of the application form from the investor/ distributor. In case, the correct code is not received within 30 calendar days, the AMC shall reprocess the transaction under Direct Plan from the date of application.

**Options**

Both plans will have growth and dividend option. Between “Growth” or “Dividend” option, the default will be treated as “Growth”. Dividend option will have Reinvestment, Payout and Transfer facilities. Between “Reinvestment”, “Payout” or “Transfer”, the default will be treated as Reinvestment.

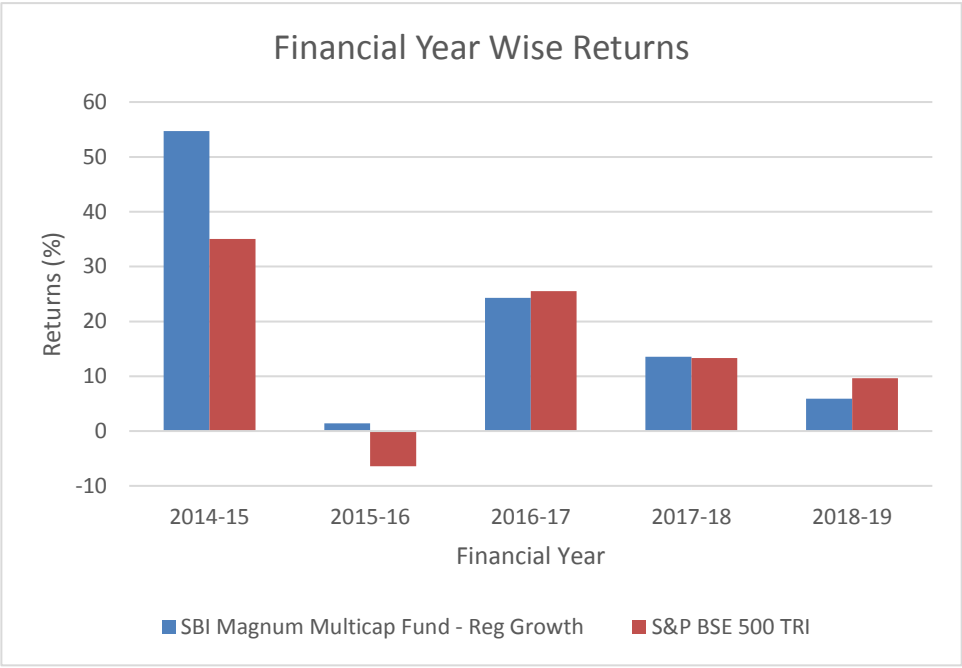

Investor can select only one option either pay out or reinvestment in dividend plan at a Scheme and folio level. Any subsequent request for change in Dividend option viz. Payout to Reinvestment or vice-versa would be processed at the Folio / Scheme level and not at individual transaction level. Accordingly, any change in dividend option (payout / reinvestment) will reflect for all the units held under the scheme / folio.

The scheme may charge additional expenses incurred towards different heads mentioned under regulations (2) and (4), not exceeding 0.05% of the daily net assets.

In addition to expenses as permissible under Regulation 52 (6) (c), the AMC may charge the following additional costs or expenses to the scheme:

- The goods & services tax on investment management and advisory fees would be charged in addition to above limit.
- Brokerage and transaction costs (including Goods and Services Tax) which are incurred for the purpose of execution of trade and is included in the cost of investment, not exceeding 0.12 per cent in case of cash market transactions and 0.05 percent for derivative market trades. Further, in terms of SEBI circular CIR/IMD/DF/24/2012 dated November 19, 2012, it is clarified that the brokerage and transaction cost incurred for the purpose of execution of trade may be capitalized to the extent of 12bps and 5bps for cash market transactions and derivatives transactions respectively. Any payment towards brokerage and transaction cost, over and above the said 12 bps and 5bps for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996. Any expenditure more than the said prescribed limit (including brokerage and transaction cost, if any) shall be borne by the AMC or by the trustee or sponsors.
- In terms of Regulation 52 (6A) (b), expenses not exceeding of 0.30 per cent of daily net assets will be charged, if the new inflows from such cities as specified from time to time are at least –
  - i. 30 percent of gross new inflows in the scheme, or;
  - ii. 15 percent of the average assets under management (year to date) of the scheme, whichever is higher:

Provided that if inflows from such cities is less than the higher of sub-clause (i) or subclause (ii), such expenses on daily net assets of the scheme shall be charged on proportionate basis:

Provided further that expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from such cities:

Provided further that amount incurred as expense on account of inflows from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

- Further, GST on expenses other than investment and advisory fees shall be borne by the Scheme within the maximum limit of annual recurring expenses as prescribed in Regulation 52.

Direct Plan shall have a lower expense ratio excluding distribution expenses, commission, etc., vis-à-vis the Regular Plan and no commission shall be paid from Direct Plan. Both the plans i.e. Direct & Regular shall have common portfolio. However, Regular Plan and Direct Plan shall have different NAVs.

	<p>For investor education and awareness initiative, the AMC or the Schemes of the Fund will annually set apart at least 0.02 percent of daily net asset of the Schemes of the Fund within the maximum limit of the total expense ratio as per SEBI Regulation.</p> <p>The Mutual Fund would update the current expense ratios on its website within three working days mentioning the effective date of the change. The Total Returns Index is an index that reflects the returns on the index from index gain/ loss plus dividend payments by the constituent stocks.</p>	<p>by the constituent stocks.</p> <p>The scheme will primarily invest in the securities constituting the underlying index. However, due to changes in underlying index the scheme may temporarily hold securities which are not part of the index. For example, the portfolio may hold securities not included in the respective underlying index as result of certain changes in the underlying index such as such as reconstitution, addition, deletion etc. The fund manager's endeavour would be to rebalance the portfolio in order to mirror the index; however, there may be a short period where the constituents of the portfolio may differ from that of the underlying index.</p> <p>These investments which fall outside the underlying index as mentioned above shall be rebalanced within a period of 30 days.</p>
