

Maturity profile of schemes (cash flow projections) basis Portfolio holdings as on June 15, 2022

- The below table summarises the amounts receivable on maturity dates or prepayment date confirmed by the issuer, if any
- Part payment amounts receivable on pre-agreed dates as per terms of issuance are reflected in the respective buckets per receipt dates
- The percentages have been computed considering the total market value of holdings and cash and cash equivalents^{\$\$} as on June 15, 2022 plus the cash distributed^{##}, as the base
- For Securities which are fair valued by the AMC, the fair valuation as on June 15, 2022 is considered. Note that, at maturity, the issuer is obligated to pay the face value and accrued coupons/ other accruals, if any as per the terms of the issuance
- On sale of securities in the secondary market, sale value may differ from the market value as on June 15, 2022. Securities sold in the secondary market prior to the maturity will accelerate the receipt thereby facilitating payout to investors before scheduled maturity
- Prepayments or accelerated payments made by the issuer will prepone the receipt thereby facilitating payout to investors before scheduled maturity
- The data excludes any recovery from segregated portfolios. Receipt of interest and principal repayments from segregated portfolios will accordingly increase payout to investors of the segregated portfolio
- The schemes are under winding-up and SBI Funds Management Private Limited has been appointed as the liquidator as per the order of Hon'ble Supreme Court dated February 12, 2021. All units in Franklin India Income Opportunities Fund have been extinguished post distribution ** based on NAV dated Dec 12, 2021 which is the last declared NAV.

^{^ ^} Cumulative percentage in each bucket includes Cash and Cash equivalents as on June 15, 2022 and Cash distributed.

^{\$\$} Cash and cash equivalents denote cash balance and investment in SBI Overnight Fund.

^{##} Gross value is computed as the AUM as on June 15, 2022 plus Cash distributed. This gross value is used as base to calculate the percentages in the above table to enable the investors understand these percentages on the AUM base prior to distribution.

Percentages in the above table are projection of cashflows on dates defined in point (a) above, based on current portfolio holdings. Any sale of securities, payments of coupons, prepayment will have a positive impact whereas any credit issue, default or delay in payment will negatively impact the projections

** Franklin India Income Opportunities Fund (FIIOF) has paid 100% of its AUM as on December 12, 2021 (except cases requiring remediation or with incomplete documentation). Investors may note that in addition to the payments till date, any amount received by the schemes including recoveries/ receipts from securities which are currently valued at zero or have matured but defaulted on their repayment obligation, shall be paid out to investors as and when such amounts are recovered/received. Details of the same will be shared with investors in due course. Subsequent to the payment of 100% of its AUM as on December 12, 2021, on account of reversal of expenses in deference to the direction of SEBI, the scheme has cash receipts/ balances as stated below

*Investors should consult their financial advisers if in doubt about whether the product is suitable for them.

All investments in debt funds are subject to various types of risks including credit risk, interest rate risk, liquidity risk etc. Some fixed income schemes may have a higher concentration to securities rated below AA and therefore may be exposed to relatively higher risk of downgrade or default and the associated volatility in prices which could impact NAV of the scheme. Credit rating issued by SEBI registered entities is an opinion of the rating agency and should not be considered as an assurance of repayment by issuer. There is no assurance or guarantee of principal or returns in any of the mutual fund scheme.
