

## Maturity profile of schemes (cash flow projections) basis Portfolio holdings as on July 31, 2023

- The below table summarises the amounts receivable on maturity dates or prepayment date confirmed by the issuer, if any
- Part payment amounts receivable on pre-agreed dates as per terms of issuance are reflected in the respective buckets per receipt dates
- The percentages have been computed considering the total market value of holdings and cash and cash equivalents<sup>\$\$</sup> as on July 31, 2023 plus the cash distributed<sup>##</sup>, as the base
- For Securities which are fair valued by the AMC, the fair valuation as on July 31, 2023 is considered. Note that, at maturity, the issuer is obligated to pay the face value and accrued coupons/ other accruals, if any as per the terms of the issuance
- On sale of securities in the secondary market, sale value may differ from the market value as on July 31, 2023. Securities sold in the secondary market prior to the maturity will accelerate the receipt thereby facilitating payout to investors before scheduled maturity
- Prepayments or accelerated payments made by the issuer will prepone the receipt thereby facilitating payout to investors before scheduled maturity
- The data excludes any recovery from segregated portfolios. Receipt of interest and principal repayments from segregated portfolios will accordingly increase payout to investors of the segregated portfolio
- The schemes are under winding-up and SBI Funds Management Private Limited (SBIMF) has been appointed as the liquidator as per the order of Hon'ble Supreme Court dated February 12, 2021.
- As of July 31, 2023, all units in Franklin India Income Opportunities Fund, Franklin India Ultra Short Bond Fund, Franklin India Low Duration Fund, Franklin India Dynamic Accrual Fund and Franklin India Credit Risk Fund stand extinguished. 100% of the AUM of the schemes stand distributed to investors (except cases with incomplete KYC documentation or requiring remediation).
